Male | Single | Exemption | 01/05/2004

### Experiences

#### Senior front-end developer

2024 /03 - Now

IT Department of Amirkabir Technical and Vocational University

Designed and developed scalable web solutions to address university-specific problems, enhancing student and staff experience.

Built a dynamic dashboard and landing page for Mikrotik hotspot systems using React, TypeScript, and modern Single Page Application (SPA) frameworks.

Developed a Learning Management System (LMS) with focus on usability and performance for educational workflows.

Implemented a front-end interface for an AI Agent, integrating it seamlessly with existing systems for intelligent automation and assistance.

#### Freelance

2021 /03 - Now

Freelance

Delivered custom web applications for clients using Typescript, React, Next.js, PHP, and Laravel. Focused on building SPAs, admin panels, and scalable web projects with clean code, responsive design, and reliable back-end logic.

#### Senior full-stack developer

2025 /02 - 2025 /05

Varzesh Afarinan Sakhtkoush Iranian

Developed a modern course-selling platform using Next.js and the latest SPA technologies, enabling users to purchase courses, attend virtual festivals, take online exams, and receive certificates upon participation and passing.

#### Frontend Developer

2024 /01 - 2025 /05

Project Oriented Innovators

Designed and developed a Single Page Application (SPA) for employee management and internal performance evaluation processes, featuring leave requests, work notes, and activity tracking, with a strong focus on user experience and operational efficiency.

#### Frontend Developer

2023 /10 - 2024 /02

Rayan Sanat Machine Visions

Developed a warehouse management panel for scanning, viewing, and updating stone (Slab) information using React for the front-end and ASP.NET for the back-end, including data processing and business logic implementation to support accurate inventory control and warehouse operations.
